About Workshop

December 22, the birth anniversary of India's famous mathematician Srinivasa Ramanujan, is celebrated as National Mathematics Day. Srinivasa Ramanujan was born in 22 December 1887 in Erode, Tamil Nadu. At age 12, despite lacking a formal education, he had excelled at trigonometry and developed many theorems by himself. Srinivasa Ramanujan is a name to reckon among pioneers in Mathematics. Srinivasa Ramanujan became a Fellow of the prestigious Royal Society in 1918. Though he passed away aged just 32, his talent and research left an indelible mark on Mathematics. The loss of Ramanujan at such a young age was certainly a blow to the scientific community.

To develop Mathematical and Analytical temperament, Problem solving skills and positive attitude towards learning the Mathematics among the students our University has started a program of National Mathematics Day from 2012 for the Department of Mathematical culture in our region. To prepare the students for competitive examinations such as NET and SET this workshop has been organized. The organization of this workshop has been a regular activity on National Mathematics Day since last 5 years by Department of Mathematics Sant Gadge Baba Amravati University, Amravati in collaboration with various colleges. During the National Mathematics Day celebrations we are organising web National Conference, National workshop as well as Essay competition and Quiz competition for P.G. Mathematics students of various colleges of Sant Gadge Baba Amravati University, Amravati.
